Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. NOTES TO FINANCIAL STATEMENTS

1 - Summary of Significant Accounting Policies

Entity and Basis of Accounting

The District was organized under Kansas law and is accounted for as an enterprise fund using the accrual basis of accounting. The District is not included in any other governmental "reporting entity" as defined in GASB Pronouncements, since Board members are elected by the patrons of the District, have decision-making authority, power to designate management, the ability to influence operations and primary accountability for fiscal matters.

Cash and Cash Equivalents

For purposes of the statement of cash flows, all savings and certificates of deposit are considered to be cash equivalents.

Inventory

Inventory consists of pipe and parts and is recorded at historical costs.

Property, Plant and Equipment

Property, plant and equipment are carried at cost. Depreciation is computed using the straight-line method. When assets are retired or otherwise disposed of, the cost and related accumulated depreciation are removed from the accounts and any resulting gain or loss is recognized as income for the period. The cost of maintenance and repairs is charged to income as incurred; significant renewals and betterments are capitalized.

Membership Equity

The sales price of benefit unit certificates is considered a contribution to the District. Contributions for meter setbacks and extensions are also considered a contribution to the District. These are recorded as "membership and new service." These amounts are in the net assets of the District.

Income Recognition

Water sales are recorded when the District issues the bills. It is not practical to estimate service receivables at year end and such amounts are not material to the financial statements taken as a whole. Delinquent accounts are turned off after attempts to collect. No allowance for doubtful accounts is maintained as accounts are charged off when considered uncollectible.

NOTES TO FINANCIAL STATEMENTS (Continued)

1 - Summary of Significant Accounting Policies (Continued)

Annual Leave

Under terms of the District's personnel policy, District employees are granted annual leave in varying amounts. At year end, the District estimates that any unpaid vacation pay is immaterial to the financial statements taken as a whole.

Income Taxes

Consolidated Rural Water District No. 1, Shawnee County, Kansas, is a tax-exempt entity and not subject to income taxes at either the federal or State level.

Budget

The District has not been required to operate under the Kansas budget laws.

<u>Estimates</u>

The preparation of financial statements in conformity with generally accepted accounting principles requires the use of management's estimates.

5 - Defined Benefit Pension Plan

<u>Plan description</u>. The District participates in the Kansas Public Employees Retirement System (KPERS), a cost-sharing multiple-employer defined benefit pension plan as provided by K.S.A. 74-4901, et seq. KPERS provides retirement benefits, life insurance, disability income benefits, and death benefits. Kansas law establishes and amends benefit provisions. KPERS issues a publicly available financial report that includes financial statements and required supplementary information. That report may be obtained by writing to KPERS (611 S. Kansas Avenue, Topeka, Kansas 66603) or by calling 1-800-228-0366.

Funding policy. K.S.A. 74-4919 establishes the KPERS member-employee contribution rate at 4% of covered salary. The employer collects and remits member-employee contributions according to the provisions of section 414(h) of the Internal Revenue Code. State law provides that the employer contribution rate be determined annually based on the results of an annual actuarial valuation. KPERS is funded on an actuarial reserve basis.
